In the City

Steriogram

1 2 3 and we're all in the city
You and me yeah we're all in the city
Boys got free going out getting busy
Tonight, tonight1 2 3 and we're all in the city
You and me yeah we're all in the city
Jay's underage he's at home what a pity
Tonight, tonightWell it's on and we're ready to go
Skinny white boys will be checking the show
We won't be leaving we won't go
Until the whole town we know1 2 3 and we're all in the city
You and me yeah we're all in the city
Girls aren't free but we're all in the city
Tonight, tonightGoing out tonight and we're thinking about the, city
Miles away from home and we're checking out the city
Never been before it's a brand new city
Tonight, tonightWell it's on and we're ready to go
Skinny white boys will be checking the show
We won't be leaving we won't go
Until the whole town we knowWell it's on and we're ready to go
Skinny white boys will be checking the show
We won't be leaving we won't go
Until the whole town we knowAll of the dancers and all of the ghosts
All of them famous but nobody knows
All of the dancers and all of the ghosts
All of them famous but nobody knowsWell it's on and we're ready to go
Skinny white boys will be checking the show
We won't be leaving we won't go
Until the whole town we knowWell it's on and we're ready to go
Skinny white boys will be checking the show
We won't be leaving we won't go
Until the whole town we know
