They must mean business

To say there's nothing worse

Then to let your precious love child

Leave the planet first'Cause, oh whoa whoa

They've gotta just let her goAll the things that you swear you're gonna do

Reservations on the next train to the moon

Pack your things 'cause there ain't no time to lose

And all the things you neverSo I think we're gonna have to record her

Sometimes against her will

We're gonna keep her alive with black and whites

We're gonna keep her alive with black and whites
Color moving and stillAnd then, oh whoa whoa
We've gotta just let her goAll the things that you swear you're gonna do
Reservations on the next train to the moon
Pack your things 'cause there ain't no time to loseLet her go

Let her go Let her go

Let her goAll the things that you swear you're gonna do
Reservations on the next train to the moon
Pack your things 'cause there ain't no time to loseAll the things that you swear you're gonna do
Reservations on the next train to the moon
Pack your things 'cause there ain't no time to loseNo time to lose
No time to lose
No time to lose
