

# The Dawning of Doom (Re-Mastered)

## Die Krupps

Back in black  
But no heads are turning  
Back in black  
No one came to see  
Back in black  
Are they still yearning  
Back in black  
For eternity  
Can't escape it  
Hide away from it  
There's no light  
At the end of the night  
(repeat)  
The dawning of doom  
It was wrong to assume  
Won't end the night  
Ruled by your fright  
Silent attack  
The shadows are talking  
Silent attack  
No one can hear  
Silent attack  
The shadows are walking  
Silent attack  
In the night of fear  
Can't escape it  
Hide away from it  
There's no light  
At the end of the night  
(repeat)  
The dawning of doom  
It was wrong to assume  
Won't end the night  
Ruled by your fright
