

# Gravity

## LFO

I feel gravity holding me down  
Keeping my feet on the ground  
Everytime you're around I feel gravity and I don't know what to do  
I keep on running from you  
Put me on the cover of Rolling Stone Put me on the back when I come back home  
Tell me things that I like to hear  
Like in the end you might still be near  
Say you care and you won't let go I'm in the world that I just don't know  
Gimmie things that I need to fill me  
Tell me this gravity won't kill me And you don't have to cry for me  
And you don't have to lie for me  
This whole blue sky is falling down on me I feel gravity holding me down  
Keeping my feet on the ground  
Every time you're around I feel gravity and I don't know what to do  
I keep on running from you  
Put me on the cover of Rolling Stone Full of dreams, can't come up short  
Drive down south is my last resort  
Let me shine on MTV  
Say you're proud and happy for me Look in my eyes, guess how I feel  
'Cause now a days life is so surreal  
Gimme all the things I need to fill me  
Tell me this gravity won't kill me And you don't have to cry for me  
And you don't have to lie for me  
This whole blue sky is falling down on me I feel gravity holding me down  
Keeping my feet on the ground  
Every time you're around I feel gravity and I don't know what to do  
I keep on running from you  
Put me on the cover of Rolling Stone I feel gravity holding me down  
Keeping my feet on the ground  
Every time you're around I feel gravity and I don't know what to do  
I keep on running from you  
Put me on the cover of Rolling Stone I feel it, I'm talkin' 'bout gravity  
Holding me down
