

Small Talk

Lesley Gore & Trade Martin

Sunday best to dress to kill the afternoon
You know how dry the afternoons can be sometimes
You're lucky if you find someone to talk with you
Small talk It's been nice talkin' to you
Walkin' with you, too. You never know just who gonna meet, you know
And even though they say don't talk to strangers
I'm awfully glad we had the chance to say hello
Small talk
It's been nice talkin' to you
Walkin' with you, too. I know that you don't know me
and you know that I don't know you
So what else to do but
Small talk with you [instrumental interlude] You never know just who gonna meet, you know
And even though they say don't talk to strangers
I'm awfully glad we had the chance to say hello
Small talk It's been nice talkin' to you
Walkin' with you, too.
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
Sunday best to dress to kill
