Keep You Safe

Morandi

I feel you sad like the rain from the clouds I beg you stop crying before your tears run out I know you've been hurting too much for too long And I, I will always keep you safe and sound You will never be afraid in this town I will always keep you safe, you know You will never be alone no moreLa-la-la-la I'm gonna keep you safe La-la-la-la La-la-la-la I'm gonna keep you safe La-la-la-la I see you carefree like the birds in the sky I want you, let me fix your broken wings, and fly 'Cause you know this love can take us so high, high, high And I, I will always keep you safe and sound You will never be afraid in this town I will always keep you safe, you know

I will always keep you safe, you know
You will never be alone no more
I will always keep you safe and sound
You will never be afraid in this town
I will always keep you safe, you know
You will never be alone, be alone
