

Yo (Excuse Me Miss)

Chris Brown

Ooh
Do do, do do do
Yeah, yeah Tell me fellas have you seen her?
(Seen her)
It was about five minutes ago
When I seen the hottest chick
That a young'n never seen before I said yo, tell her girls I want to meet her
(Meet her)
On a second thought that ain't the way to go
I got give her game proper
Spit it so she get it there she is I got to stop her Or should I talk about her smile?
(It's been said before)
Or what about her style?
(Too obvious)
I'm out of time, she's out the door
I got to go for mine, I think I'll say yo I don't know your name but excuse me, miss
I saw you from across the room
And I got to admit that you got my attention
You're making me want to say yo I know you're trying to leave but excuse me, miss
I saved the last dance for you
How I'd love to keep you here with me, oh baby Now, shorty, grab hold of my hand
And let's pretend the floor is ours
You say you don't really dance
Don't worry about it, we'll just
One two step, one two step Now if the music is moving too fast
(Too fast)
Grab my hand a little tighter
(Tighter)
Don't be afraid to move a little closer Girl, there is something about you
That makes me want to say, yo
I don't know your name but excuse me miss
I saw you from across the room And I got to admit that you got my attention
You're making me want to say yo I don't know your name but excuse me, miss
I saw you from across the room
And I got to admit that you got my attention
You're making me want to say yo I know you're trying to leave but excuse me, miss
I saved the last dance for you
How I'd love to keep you here with me, oh, baby
I think I'll say yo I don't know your name but excuse me, miss

I saw you from across the room
And I got to admit that you got my attention
You're making me want to say yoI know you're trying to leave but excuse me, miss
I saved the last dance for you
How I'd love to keep you here with me, oh, babyI want to be where you are
Ain't nothing wrong with dancing
Baby, it's so romantic
Baby, I can be in your heartSo many things I want to tell you
I think that I should start by saying yoI don't know your name but excuse me, miss
I saw you from across the room
I got to give her game proper
Spit it so she get it, there she is I got to stop herI know your trying to leave but excuse me, miss
I saved the last dance for you
How I'd love to keep you here with me, oh, babyNow everybody just clap your hands like this
(Like this)
Just clap your hands like this
(Whoa like this)And if your shorty in the house tonight
Just grab her by the hand, homie
Make her understandY'all was made to dance like this
(Like this)
Y'all was made to bounce like this
(Whoa like this)
Just let her know she was made for you
And you want to do everything she want to man
