

# Grace

Tony Iommi

Everywhere I go, I want to see the light  
And if I had to do it all again  
You know I'd want to make it right  
Inside of me, buried in the past that I must learn  
There is no other way to grow  
And I just want to tell you what I know I just wanna tell you how could I forget to  
I just wanna let you know Grace, I wanna live in grace  
I gotta find some grace  
I wanna live in grace for evermore And if you ask me if I've ever been to hell  
Then I would say to you  
It almost took my life, now I will tell  
It lied to me, every little thing I had to burn  
There is no other way to grow  
Now I just want to tell you what I know I just wanna tell you how could I forget to  
I just wanna let you know Grace, I wanna live in grace  
I gotta find some grace  
I wanna live in grace for evermore It almost took me down  
And it has always lied to me  
Then I would say to you  
So won't you save me, can't you see Grace, I wanna live in grace  
I gotta find some grace  
I wanna live in grace for evermore Grace, I wanna live in grace  
I gotta find some grace  
I wanna live in grace for evermore
