Sweet Natural Girl

Emerson Drive

Barefoot walkin' on a white sand beach
Fishin' on a log in a backwoods creek
A baby in a month and a baby on her hip
And when I kiss her on her lips, it's allFlowers and sunshine
Spring, rain in the summer time
And I swear I get so high
On that sweet natural girl of mine
Sweet natural girl of mineNo matter how much she dresses it down
Turn every head, turn every head as she walks through town
Slip off swimmin' in a creek somewhere
'Cause all my baby ever wears are thoseFlowers and sunshine
Spring, rain in the summer time
And I swear I get so high
On that sweet natural girl of mine
Sweet naturalMy, oh, my, look at that girl
Standin' right there all natural
Walkin' through the garden, lettin' down her hair
Throwin' down a blanket and layin' right there
Flowers and sunshineYeah, flowers and sunshine
Spring, rain in the summer time
I swear I get so high
On that girl of mineFlowers and sunshine
Spring, rain in the summer time
And I swear I get so high
On that sweet natural girl of mine
Sweet natural girl of mine
Sweet natural girl of mine
