

# Back To Where I Was

[Eric Hutchinson](#)

New life decides to come through the front door  
And makes us wish we'd shown respect before  
Though I don't have much of a choice  
I resolve to regain my voice If I only just begin to understand it that's because  
Every time I time I start to change my mind again  
It gets me back to where I was  
Gets me back to where I was New life decides we never had a clue  
The two of us decidin' what to do  
Though my hands are all but tied  
I rebound so I can say at least I tried And oh, If I only just begin to understand it that's because  
Every time I time I start to change my mind again  
It gets me back to where I was And long as I'm allowed  
I'll change my mind, that's what it's for  
I'm getting' older but I'm still the same  
I'm just thinkin' anymore If I only just begin to understand it that's because  
Every time I time I start to change my mind again  
It gets me back to where I was  
Gets me back to where I was  
And oh, gets me back to where I was
