Treehouse

The Clarks

I have built a treehouse
I have built a treehouse
Nobody can see us
It's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI've been climbing rocks and stones
Been collecting broken bones
I've been swimming across the lakes
Just to find this perfect placeI got lost into the woods
I've been covered up in mud
I've been going through a lot
Just to find this perfect spotI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI've been climbing rocks and stones
Been collecting broken bones
I've been swimming across the lakes
Just to find this perfect placeI got lost into the woods
I've been covered up in mud
I've been going through a lot
Just to find this perfect spotI have built a treehouse
I have built a treehouse
Nobody can see us
It's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us

'Cause it's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI have built a treehouse
I have built a treehouse
Nobody can see us
'Cause it's a you and me houseI've built a treehouse
And no one can see us
I've built a treehouse
And no one can see usI've built a treehouse
And no one can see us
I've built a treehouse
And no one can see usI've built a treehouse
And no one can see us
I've built a treehouse
And no one can see usI've built a treehouse
