So What?

Haystak

Yo Hi-Tek, let's fuck around with some of that feel good gansta shit.
Been rapping for 20 fucking years.
A whole lot of fucking blood sweat and tears.
Who cares they dont give a fuck.
On the mic I'm taking no prisoners
Check me out yo.
So what if I'm only coming in the game?
So what I'm in it for the cash, money and the fame?
So what, a bit of genuine is fucking up your brain?
Yo-Landi Visser is the shit up in this bitch.
I rap for 20 years, never made a cent.
Borrowed money from my mom to pay the rent.
Now how I'm gonna get out this fucking mess?
Yolandi shows me twostripes on the fucking piss test.
Oh fuck, broke ass Ninja gonna be a daddy.
Little baby Ninja gonna need some nappies.
Gave it my best shot, never pressed stop
Thank god die moederfokken Antwoord went pop.
Got a million fucking dollars in the bank
Then I converted all my dollars into rands
That equalled seven million rands in the bank
Not too shitty, fuck you Jimmy, Imma never give it back.
Dont worry Ninja, I'm gonna make you proud.
I'm here to work, I'm not here to fuck around. (is ja)
I'm your very special cherry at the top
Imma keep it very fucking hot and I'm never coming down
Been rapping for 20 fucking years.
A whole lot of fucking blood sweat and tears.
Who cares they dont give a fuck.
On the mic I'm taking no prisoners
Kykie
So what I fly around the whole world getting paid?
So what I smoke weed all day every day?
So what I tell truth even when I tell a lie (?)
I get very red in the eye when I'm getting high
I got a record deal in the overseas
So we started there I couldnt go to sleep
... sold my soul there for a fee
When they dropped the album everyone downloaded it for free

In the overseas they think I'm the shizzle
In South Africa they think I'm a criminal
(Little girl show me your ID)
I don't like the drugs but the drugs sure like me!
Ninja fuckin' ugly on the skin
But Ninja very lovely from within
I'm serious bro I just need a bit of fun
So Ninja likes a girl who lets him stick his penis up her bum
Ek gooi 'n fokken 2-7 in die lug

Ek slat jou met my fokken piel in jou gesig
I'm the fuckin ultimate I can't lose
Klap 'n vet moderfokken zol nou's ek confused
Been rapping for 20 fucking years.
A whole lot of fucking blood sweat and tears.
Who cares they dont give a fuck.
On the mic I'm taking no prisoners
So what my teachers at school tell me I would never hack it
So what I'm like a full-blown marijuana addict?
So what I'm not the freshest fuckin rapper on the planet?
It's a South Africa thing you wouldn't understand it.
Chilling in your room bored all alone
Now you flipping through porn on your phone
Start jerking off bout to bust a nut
When in walks your mom Jesus what the fuck
Life is crazy it doesn't make sense
I'm here to make money, not to make friends.
Need to hustle like a fucking dwang just to pay the rent
Nowadays when I check my balance at the ATM I go
Oh my god! Oh oh my god!
Oh my god! Oh oh my god!
Oh my god! Oh oh my god!
Geld my boetie.
I'm so hot right now.
I need an ice dish,
Hi Tek this motherfucking beat is nasty
Im so hot right now
The girlies go pssst I'm so hot
Touch my face and go tssst
Im so hot right now
