## Kyven

Give me your lovin ohh  
Give me your lovin  
Give me your lovin ohh  
Give me your lovin  
Give me all your lovin lovin lovin  
Give me all your lovin lovin lovinEvery time I talk about love (Oh Baby)  
People tell me I've changed  
When I talk about us (Oh Baby)  
There's a smile on my face  
Have I ever told you, ooh  
How much I love you  
How much I care  
What wouldn't any man do (Oh Baby)  
To have you coming through his way  
A girl like you (uuh)  
Should be given  
What she deserves  
We can choose  
If you're my capital worldGive me all your lovin lovin lovin  
Girl your love is one of the kind  
With all your lovin lovin lovin  
Theres no war that I wouldn't fight  
You got me, got me coming back  
(ohheehoh)  
Like a like a boomerang  
(ohheehoh)  
Give me all your lovin lovin lovin  
Girl you love is one of the kindGive me your lovin ohh  
Give me your lovin  
Give me your lovin ohh  
Give me your lovinEvery day I wanna wake up (oh Baby)  
Wath your stroke never change  
Like a face with no make up (oh Baby)  
A super natural thing  
If I'd never known you (oh Baby)  
I'd stay believe its all a game  
When I were about to give up (oh Baby)  
Cuz my baby without you equals pain  
A girl like you (uuh)
