Wonderful

Quadeca

intro]
They donâ€™t know- they donâ€™t about what i do
I ainâ€™t anti social i just donâ€™t like you
Ask me how its goin i say wonderful
They tell me settle down they too comfortable
And then they really used to love me now Iâ€™m fear
Thats what happens when they see the cloud appear
Ask me bout my job, i got multiple
Got new hundreds and them shits so colorful

[verse 1]
Donâ€™t think Iâ€™ve ever seen so much money so little talent
These rappers shows look like lip sync battles with jimmy fallon
What really happen im jealous if people selling platinum
Worst year thats like saying the worst kendrick hour
Its way better than average, Iâ€™m already established
Unforgettable classic yâ€™all shit is set to go classic
They want to see me disappear like incredible magic
your regrettable attitude is upsetting my passion
Yeah,
Im getting listens and plays
Fuck all the simpler days
I just took a 2 month break and got spotify paying me minimum wage
Iâ€™m like thats good enough i been eating, they full enough
I just wanna make it pullin up, i been puttin up with all these amateurs ima show em how it should done
Yeah

[outro]
They donâ€™t know- they donâ€™t about what i do
I ainâ€™t anti social i just donâ€™t like you
Ask me how its goin i say wonderful
They tell me settle down they too comfortable
And then they really used to love me now Iâ€™m fear
Thats what happens when they see the cloud appear
Ask me bout my job, i got multiple
Got new hundreds and them shits so colorful
