Paper Tigers With Teeth

Face to Face

(Verse)
With the push and shove, thats how its done,
Leave me
Better yet from the barrel of a gun
But its needed(Pre-Chorus)
We can be everything
To everyone it seems like
This paper tigers showing teeth(Chorus)
Dont believe youll fear it now
Dont be fooled by your own eyes
Well even death is on our side
Dont get more, well rise in time(Verse)
They can hear it rangle in the day
Leave me
Once a part of the hours getting break
Completed(Pre-Chorus)
We can be everything
To everyone it seems like
This paper tigers showing teeth(Chorus x3)
Dont believe youll fear it now
Dont be fooled by your own eyes
Well even death is on our side
Dont get more, well rise in time
