

# Paper Tigers With Teeth

## Face to Face

(Verse)

With the push and shove, thats how its done,

Leave me

Better yet from the barrel of a gun

But its needed(Pre-Chorus)

We can be everything

To everyone it seems like

This paper tigers showing teeth(Chorus)

Dont believe youll fear it now

Dont be fooled by your own eyes

Well even death is on our side

Dont get more, well rise in time(Verse)

They can hear it rangle in the day

Leave me

Once a part of the hours getting break

Completed(Pre-Chorus)

We can be everything

To everyone it seems like

This paper tigers showing teeth(Chorus x3)

Dont believe youll fear it now

Dont be fooled by your own eyes

Well even death is on our side

Dont get more, well rise in time
