

Ode to Jefferson

Cobra Skulls

I don't fuck with your bible, well don't fuck with my constitution!
That we wrote, we wrote,
We wrote for our protection from police persecution,
Brutalist economy, we sailed across the sea,
Your 10 commandments can't command me. Stay the fuck out, stay the fuck out, stay the fuck out,
if you think your 10 commandments command me, stay the fuck out!
