

The Hands of Doom (Skit)

MF Doom

I'll have to go ahead with my experiment right now
Lower the dome
Are you ready Costez?
(All set)
My moment of triumph is at hand
Contact
It's messed up
(It doesn't look bad)
You're crazy, it looks bad
(Okay then at least tell me what this thing that you're doing)
This figure in the middle, it's not even coming out right
I've already got like the hands like on the side, like the hands of doom, and they're like representing the city,
and the environment around this artist
And he's like, like, he's like by himself in his own world and what not
He don't care about nobody around him, and that's what the hands are, everybody around him
(Yeah, who is this character?
That's you)
Who told, what gave, what gave you that idea?
(C'mon man, I've been knowing, I've knowing for a long time that was you
Nah nah)
