

Denim

Saltillo

Feeling die x2
When I know it what I can do
Coming back to you
Coming back to me
Think you're no convincing me
Doesn't figure out the plan
Pausing me to understand
For what its take
To convince you
You think so lot to me
That so unconvincing
You think so lot to me
That's not convincing me
Let me denim in this way
Now from trying not to fear
Comes burning this memories
To hide the one that fading
No Too much
Think so lot to me
And that's so unconvincing
Hide your feel to me
It's no so unconvincing
And you said
You wonder straight
You don't blurred it's over night
It's so long to me
And you say u left me down
Worry it ...ignore it the way you lie
And that's no so unconvincing
If is so lot me
If is so lot to me
It's no so unconvincing
And you said
You wonder straight
Let me denim in this way
Now from trying not to fear
Comes burning this memories
Hide the one that fading
(Wont worry it, ignore it the way you lie... Lie) Coming back to me

It's no so unconvincing

Hide your feel to me

It's no so unconvincing

Coming back to me
