

# Locked In a Cage

## Brick+Mortar

I wanna be locked in a cage  
I wanna be strapped in a chair  
I wanna be where you are  
If my insanity comes Wrapped up inside you I wanna break my legs  
In case of thought to escape  
Keep the hammer out of my reach  
If my pounding impulse comes Wrapped up inside your arms  
Locked up inside you Hold me down 'cause I want to know you  
You bring calm to my rage  
You are life and I'm thirsting for you  
Hold me, hold me, locked in a cage  
I'm locked, I'm locked, I'm locked I love to be caught by you  
I wanna be trapped in your arms  
Your cage is rest to my bones  
Your cage is peace to my soul Wrapped up inside your arms  
Wrapped up inside you Hold me down 'cause I want to know you  
You bring calm to my rage  
You are life and I'm thirsting for you  
Hold me, hold me, locked in a cage Wrapped up inside your arms  
Wrapped up inside your arms  
I'm inside your arms  
I'm inside your arms Hold me down 'cause I want to know you  
You bring calm to my rage  
You are life and I'm thirsting for you  
Hold me, hold me, locked in a cage Hold me down 'cause I want to know you  
You bring calm to my rage  
You are life and I'm thirsting for you  
Hold me, hold me, locked in a cage  
I'm locked, I'm locked, I'm locked
