

Dead Eternity (Demo)

In Flames

You'll never be alone again
You'll never die again
You'll never be born again
You'll forever be, stuck here in eternity I bid you welcome to my world
They call me existence
You have just entered through the gate
To your journey towards eternity This part I control In the beginning you'll fear nothing
As I climb beside you
Time will be your master
In this laborious part of human subsistence This part I control Black clouds embraces your soul
Slowly passing through repeating lacunas of anguish
When time takes your life
I will transfer you into the bare grip of thinking tranquility
Voices filling the emptiness of the dead floating
Seamless across the surface into chilling stillness
Nothing can help you now
