They Don't Understand

Sham 69

They don't understand no they don't understand
They don't wanna understandWhen you smash a phone box
Or you break into a shop
They take you down the station
And they nick you for the lotEveryone keeps telling me I'm gonna be free
We all know we'll never be freeWhen I take a razor and I wanna take my life
I wanna take a knife and I wanna take my life
