

Forked Tongue Kiss

Overkill

Long view on the eye a pocketful a pestilence
Got a fistful of memories, a long lost innocence
Hey baby, dead baby devil he embracin' you
With a long forked-tongue-kiss
Suckin' all the life from you If you need to reach me
I'm breaking one through ten
And if you really need me
Can I get an amen Passion on a ??????? gotta get it while it's not
With a self-centered psychopath givin' a forget-me-not
Rape me, rape me everybody gets in line
With a long forked-tongue-kiss
Sucked away the rest of time If you need to reach me
I'm breaking one through ten
And if you really need me
Can I get an amen Longview in your eye
Seal it with a kiss, you get the
Long forked tongue kiss
Memory in your fist, seal it with a kiss
You get the
Long forked tongue kiss Lay on down in the bed you made
It's a little too late to cry
Or too be afraid Driven by the high heat, call it love
Driven by the high heat
Of the velvet glove Call it free-will, call it choice
You know you ain't alone now
There's a second voice
When you're not alone Short view on the eye, a pocketful a' pestilence
With a fistful a' memories, a long lost innocence
Be-be-be-baby devil he embracin' you
With a long-forked-tongue-kiss
Suckin' all the life from you If you need to reach me
I'm breaking one through ten
And if you really need me
Can I get an amen [Repeat x2] Longview in your eye
Seal it with a kiss, you get the
Long forked tongue kiss
Memory in your fist, seal it with a kiss
You get the

Long forked tongue kiss
