## M.O.B.

(verse 1)

VINNY PAZYall mother fuckers woke a demon up  
The bullets splatter through your spleen and guts  
The whole click duckin they PO, they need to pee in cups  
We murder shit like everything the Europeans touch  
I dont even talk to mother fuckers that could lead the trust  
We on our D and devils only deal with greed and lust  
Feed an elephant with bear hands and take his lead and tusks  
Anytime you hear a cop was murdered best believe its us  
Jus Allah load the glock put em in norweigen dust  
I aint i sucka i was born with hercules in us  
Strangle snakes, dangle grapes fed by European sluts  
Yall know where to come to when you need the fuckin trees and dust  
Ayo D?? i need by ?? these fucks  
I got the power to devour trees , seas and such  
I got the power thats the caliber of jesus touch  
It dont matter the caliber i proceed to rush

Vinny on a whole nother algebra than the Greeks could touch(verse 2)

D MAZLet me tell you lil somthin bout a nigga named Maz  
Look in his eye you could see the evil if you high  
You could notice a little nigga thats eager for the sky  
Behind bars scarred like jesus when he died (when he died)  
Nigga i was in the hole for a whole 6 months gettin high off the reefer thinkin why  
Im with the roachs and rats hopeless and ?? line and line and the hole in the crack  
Nigga i was in the hole tryin gettin my back, niggas snitchin and Ceo tryed gettin my bag  
But i dont give a fuck about a snake or a fag a hater id rather see Adolph paid off, laugh

This is real life fuck gettin paid off rats  
And sellin my soul to the devil gettin paid off rappin  
Mozerade, Maz , Pazienza clap boys ?? back man you still screamin duffle bag boys(verse 3)

Jus AllahI have lived a century  
Ive tapped into my 6th sensery  
I am a potential enemy  
My entire inner chemistry, every inch of me, is divinity  
Unequivically supremacy  
I am undesired energy  
Sends friendly, sends empty  
Show the prince of peace no clemency  
give him an extremety of insensitivity  
Let his kid and ministry witness his disassembly

I just lost sufference, undestructive, unproductive, tussid  
Not much substance, thuggage  
Above judgement  
Unaware of any error of delt  
Where it counts im a fair amount of paramount  
I am body a monopoly of ungodly  
The ???????  
My apology, arrid, insencarity, carity, buried generic its hilarity
