Sleep Alone

Ivory Hours

Oh when you're coming down the stairs
With your wet blonde hair
I start to shake
I think we'd make a pretty pair
But I get so scared
I run awayHoney won't you come, honey won't you come home with me?Well you saw me running wild
Like a frightened child
You wonder why?
Cause you've been looking for a guy
Who will treat you right
But they're so shyLove me won't you?I don't want to sleep alone, no
I don't want to sleep,
I don't want to sleep
I don't want to sleep alone, no
I don't want to sleep
I don't want to sleepWell I've been lying in my bed
Feeling so upset
Cause you've been
Haunting me
And all these images I dread
Running through my head
Well they won't,
Let me beHoney won't you come, honey won't you come home with me?Well you caught me by surprise
With my bloodshot eyes
Staring, straight at you
And I thought lost my mind
When you told me kindly
That you feel it tooLove me won't you?I don't want to sleep alone, no
I don't want to sleep,
I don't want to sleep
I don't want to sleep alone, no
I don't want to sleep
