

Moron

KMFDM

Don't give a damn what I say 'coz I'm out of my mind
Punk ass motherfucker son of a gun, just one of a kind
Ripped the system and burnt the shreds, no pity for the masses
Sympathizer I am a communist, a prick up some asses What goes around will come around
What goes up must come down U.S. underground, put schists on the rise
Junta of buccaneers, take power by surprise
Vigilante style, world of the free
Fulfilling prophecies, liability Ignoramus, dimwit idiot, asinine, M O R O, moron Money talks and bullshits walks
And what is right, ain't ever righter, things in life and life in things
Fire calls the fire, sold my rights to Tinseltown, trading arms for battle
By the way this is Kapt'n K, calling from Seattle Ignoramus, dimwit idiot, asinine, M O R O moron
Ignoramus, stupid fuck head, bunny brains
M O R O N, M O R O moron What goes around will come around
What goes up must come down
What goes around will come around
What goes up must come down U.S. underground, put schists on the rise
Junta of buccaneers, take power by surprise
Vigilante style, world of the free
Fulfilling prophecies, liability Ignoramus, dimwit idiot, asinine, M O R O moron
Ignoramus, stupid fuck head, bunny brains
M O R O N, M O R O N, moron What goes around will come around
What goes up must come down
What goes around will come around
What goes up must come down
