Big City

Lately shit's been drivin' me crazy
Won't you take me outta this city?
Streets too busy
Men too old and the girls too pretty
I see that you want me
I'm needin' somebody
Don't ask me no questions
There's really no reason
You look like your ready
To run from the city
I'm feelin' the same way
Just wanna get away
Met you on the corner of my favorite shop
I don't really care if I know you or not
All I really need, someone to hold me tonight
Doesn't make a difference if it's wrong or it's right
Maybe in a day of two I'm falling for you
And you'll be gone and I'll be painting pictures of you
But for now all that matters is the thing that we've got
See I don't really care if we make it or not
Lately shit's been driving me crazy
Won't you take me outta this city?
Streets too busy
Men too old and the girls too pretty
Baby, won't you come and save me?
Won't you make my world less chilly?
Don't need pity
Just your arms around my body
Won't you come and take me?
Away from the city
Let's do it today
Just want to get away
Met you on the corner of my favorite shop
I don't really care if I know you or not
All I really need, someone to hold me tonight
Doesn't make a difference if it's wrong or it's right
Maybe in a day of two I'm falling for you
And you'll be gone and I'll be painting pictures of you
But for now all that matters is the thing that we've got

See I don't really care if we make it or not
Lately shit's been driving me crazy
Won't you take me outta this city?
Streets too busy
Men too old and the girls too pretty
Baby, won't you come and save me?
Won't you make my world less chilly?
Don't need pity
Just your arms around my body
Let's just do something else
Met you on the corner of my favorite shop
I don't really care if I know you or not
All I really need, someone to hold me tonight
Doesn't make a difference if it's wrong or it's right
Maybe in a day of two I'm falling for you
And you'll be gone and I'll be painting pictures of you
But for now all that matters is the thing that we've got
See I don't really care if we make it or not
Lately shit's been driving me crazy
Won't you take me outta this city?
Streets too busy
Men too old and the girls too pretty
Baby, won't you come and save me?
Won't you make my world less chilly?
Don't need pity
Just your arms around my body
Can you do that for me?
