

Grandmother's Back

Joules Graves

Grandmotherâ€™s Back by Joules Graves

Grandmotherâ€™s back

Gotten bent to the ground by the oppressor man pressing down down down

Grandmotherâ€™s back

Gotten bent to the ground by the oppressor man pressing down down down

Oppressor Man See what youâ€™re doing

Oppressor Man Creating the ruin

Oppressor Man Hear what she say now

Oppressor Man be changing your ways now!

Her Body is not a commodity

Her Body is not a commodity

Not a product to be bought and sold

Not to be mined for oil and gold

She is not a product to be bought and sold

Not to be mined for oil and gold

She give all she got to give

She give what we need to live

She bring all the world alive

Without her we donâ€™t survive

So Wake Up! Na na na na na

Wake up People! Hear the Call

Singing Wake up! Na na na na na

Wake up People One and all!

Grandmotherâ€™s back

Gotten bent to the ground by the oppressor man pressing down down down

Grandmotherâ€™s back

Gotten bent to the ground by the oppressor man pressing down down down

Oppressor Man See what youâ€™re doing

Oppressor Man Creating the ruin

Oppressor Man Hear what she say now

Oppressor Man be changing your ways now!

Her Body is not a commodity

Her Body is not a commodity
Not a product to be bought and sold
Not to be mined for oil and gold
She is not a product to be bought and sold
Not to be mined for oil and gold

So Wake Up! Na na na na na
Wake up People! Hear the Call
Singing Wake up! Na na na na na
Wake up People One and all!

This disposable society weâ€™re living in today
Disposable society going to through itself away
Heyyy, gonna throw itself away

So Wake Up! Na na na na na
Wake up People! Hear the Call
Singing Wake up! Na na na na na
Wake up People One and all!

Grandmotherâ€™s back
Gotten bent to the ground by the oppressor man pressing down down down
Grandmotherâ€™s back
Gotten bent to the ground by the oppressor man pressing Down Down

Grandmotherâ€™s Back Heyyy
Grandmotherâ€™s Back Heyyy
Grandmotherâ€™s Back Heyyy
Grandmotherâ€™s Back!
