Blame It

Sonny

Verse1
She's a small time lover
But she doesn't have a thing
Was a beautiful cover then
But now she let herself go
uh oh
Please come as you were
But she's forced to get awayPreChorus
Gotta keep moving on
ahh
Cause the last train is coming through
Grabbing all her bags up running
Chasing for her heart
But it ain't no whereChorus
She blames it all on the World
She can't bring back her old World
She's just an innocent girl
She blames it all on the World
She blames it all on the World
She blames it all on the WorldVerse2
Now she holds her shelter
Always asking in the streets
Wanna see the other side of her
But nothing helps she's letting goNow she's coming as she was
Now she feels she wants to changeChorus2
She blames it all on the World
She's just an innocent girl
She can't bring back her old World
She blames it all on the World
She's just an innocent girl
She blames it all on the World
She's just an innocent girl
She blames it all on the World
I said she did
