

# Park Song

## The Dodos

Woke up today a bit too late  
Put on my shoes and got some coffee  
Cranked out the tunes, I think it was Roxy  
Went back to snooze until 8:30Went to the bar they say is the most  
Went by myself, but no one noticed  
Wonder if I looked like a tourist  
All that I could thing was "please don't blow this" And we go, but they don't know us  
Goes to show we're not the same  
Keep it in, 'cause they don't know this  
Let it out, but not todayWent to the park today  
Watched all the dogs as they played  
None of them barked, they just hanged  
Think I'll buy a dog when I get paidSaw the girl I know from my job  
I think that she must think that I'm retarded  
I act so dumb when I get started  
Time to cut my hair and get it partedAnd we go, but they don't know us  
Goes to show we're not the same  
Keep it in, 'cause they don't know this  
Let it out, but not today
