

Uhn Tiss Uhn Tiss Uhn Tiss (Edited Version)

Bloodhound Gang

Uhn tiss, uhn tiss, uhn tiss, babyDog will hunt, I'm the front-end loader, travoltin' over
So try my slam on for size
Drive stick with that Kung-Fu grip, let the banana split
And watch it go right to your thighsCopperfield, Copperfield style, abracadabra
That bra, do you think I can pull it off?
Wanna bang around? Just jot me down on your to-do list
Under 'Put out like a fire"Cause I got somethin' and it goes thumpin' like this
All you need is my uhn tiss, uhn tiss, uhn tiss
I got somethin' and it goes thumpin' like this
All you need is my uhn tiss, uhn tiss, uhn tissUhn tiss, uhn tiss, uhn tiss, babyEdible, strange, how do I get in
your pants
When you're tick-tockin' them
Serious Levis, so tight, can't be classified
That's why I'm here to fill that openingMake a seasoned pass to mount that ass
And Bob Hope that I might, one night, stand a chance
Let's go, Feng Shui, the fuck around my digs
Like a superball, bring that sunny side upAnd I got somethin' and it goes thumpin' like this
All you need is my uhn tiss, uhn tiss, uhn tiss
I got somethin' and it goes thumpin' like this
All you need is my uhn tiss, uhn tiss, uhn tissUhn tiss, uhn tiss, uhn tiss, baby
