

# Candle in the Wind

Lawrence Burkey

Goodbye England's rose, may you ever grow in our hearts  
You were the grace that placed itself, where lives were torn apart  
You called out to our country and you whispered to those in pain  
Now you belong to heaven and the stars spell out your name  
And it seems to me you lived your life like a candle  
in the wind

Never fading with the sunset when the rain set in  
And your footsteps will always fall here along England's greenest hills  
Your candle's burned out long before your legend ever will  
Loveliness we've lost these empty days without your  
smile

This torch we'll always carry for our nation's golden child  
And even though we try the truth brings us to tears  
All our words cannot express the joy you brought us through the years  
And it seems to me you lived your life  
like a candle

In the wind never fading with the sunset when the rain set in  
And your footsteps will always fall here along England's greenest hills  
Your candle's burned out long before your legend ever will  
Goodbye England's rose may you ever grow in our  
hearts

You were the grace that placed itself where lives were torn apart  
Goodbye England's rose from a country lost without your soul  
Who'll miss the wings of your compassion more than you'll ever know  
And it seems to me you lived your life  
like a candle in the wind

Never fading with the sunset when the rain set in  
And your footsteps will always fall here along England's greenest hills  
Your candle's burned out long before your legend ever will
