

# One Night

## Room 94

\* You alright babe, if i could rearrange the alphabet i'd put U and I together and we'd urm, we'd do it\*I feel a  
little dangerous tonight, (yeah)  
Feel like i wanna lose my shit tonight.  
Had a little slow dance,  
little romance back to mine,  
little wine feeling fine,  
what's next undressed and just sex (ooooohh)i guess we're more than friends,  
you got me wrapped around your finger,  
and i cant seem to forget you.i just want you for one night  
i don't want you for the rest of my life  
don't wanna be with you (No)  
don't wanna marry you (no way)  
i just want you for one night (wooo)  
for one night  
i just want you for one night.you got me calling up a thousand times a day, (bringgg)  
but when you pick up the phone,  
i just don't know what to say.  
I've never said we'd be forever,  
never let her in my head,  
never should have let her to my bed,  
i wish i never met her,  
because i can't forget her.i just want you for one night,  
i don't want you for the rest of my life,  
don't wanna be with you, ( no)  
don't wanna marry you (no way)  
i just want you for one night (woo)  
i just want you for one night.this was all a big mistake,  
i wasn't meant to feel this way nooo,  
this was all a big mistake,  
i wasn't meant to, i wasn't meant to make.\*er so er i know i said we'd hang out today but i got a lot of stuff to  
do today, a lot on... erm shall i call you a cab?\*i just want you for one night,  
i don't want you for the rest of my life,  
don't wanna be with you, (no)  
don't wanna marry you (no way)  
i just want you for one night  
i just want you for one night  
i don't want you for the rest of my life,  
don't wanna be with you, (no)  
don't wanna marry you, (no way)

i just want you for one night (wooo)  
for one night,  
i just want you for one night, (woo)  
i just want you for one night.
