

# On and Off

## OnCue

[Part 1]

Yeah, I must be sick  
I keep running, I keep running only on fumes  
I keep thinking, I keep thinking, baby, 'bout you  
Must be something, must be something  
What we can do, yeah, yeah  
I send a text, I know your way  
I flew away just to grab a chance  
I come back quick, baby, don't forget  
Hey, I come back quick for you, for you, for you[Chorus]  
Take the shirt off, leave the lights on  
I'll rip your skirt off, keep your panties on  
I've been waiting all damn day, yeah  
I'm so impatient, 'cause, baby, you always on and off[Hook]  
Me and you, always on and off  
Me and you, always on and off  
Me and you, always on and off  
Me and you, always on and off  
Me and you, yeah  
On and off, yeah  
Off and on, oh yeah  
Often times  
Me and you, yeah  
On and off, yeah  
Off and on, oh yeah

I want you all the time, yeah[Part 2]

I hate this city, we're just fucking  
I'ma yelling over small things  
I keep thinking, that we're thinking 'bout the wrong things  
Don't know bout you, but baby, I give you all of me, yeah yeah  
Laying in the bed at each other's side  
Hey, I say we just forget all that bullshit stress  
Yeah, I will place a bed, we will be the best, yeah  
If we put to rest all the mess and confess to this message[Chorus]  
Take the shirt off, leave the lights on  
I'll rip your skirt off, keep your panties on  
I've been waiting all damn day, yeah  
I'm so impatient, 'cause, baby, you always on and off[Hook]  
Me and you, always on and off

Me and you, always on and off  
Me and you, always on and off  
Me and you, always on and off  
    Me and you, yeah  
    On and off, yeah  
    Off and on, oh yeah  
    Often times  
    Me and you, yeah  
    On and off, yeah  
    Off and on, oh yeah  
I want you all the time, yeah
