

Walking Lightly

Kazuo Otani

We're all walking lightly
We're all walking lightly
 Let this moment last
 Could become so fast
Keep walking lightlyWe're all walking lightly
 We're all walking lightly
 Let this moment last
 Could become so fast
Keep walking lightlyWe're all walking lightly
 We're all walking lightly
 Let this moment last
 Could become so fast
Keep walking lightlyWe're all walking lightly
 We're all walking lightly
 Let this moment last
 Could become so fast
Keep walking lightlyWe're all walking lightly
 We're all walking lightly
 Let this moment last
 Could become so fast
Keep walking lightlyWe're all walking lightly
 We're all
 We're all walking lightly
 We're all
