

# No Part of It

Lee Michaels

Taking picture of his life oh,  
He wants no part of it  
All his friends are callin out'  
"Hey", he has no time for them.

Livin' his life,  
But what does it mean?  
Lookin' for something,  
It's only a dream  
So I said "oh, I wish I could help"

Take the time,  
Learn to love,  
It makes no sense to him  
Making sense is all he knows  
Why don't you count his friends?

Pictures of life,  
Is all that he sees  
But he can't touch them,  
They're only a dream  
So I said, "oh, oh, oh"

What's he gonna do when he finds his camera breaks?  
Will he just sit down and cry?  
When he sees a side of life,  
Oh that has past him by, past him by

Taking picture of his life oh,  
He wants no part of it  
All the girls are callin' out "Hey"  
He has no time for them  
He has no time  
He has no time for them  
He has no time for them no  
He has no time for them yeah
