Bob Welch

Written by bob welch.Well come down from your church
And talk to a man
Who knows that he loves you
And wants to understand
He knows why you cryWhen you were young
You got down on your knees
You prayed for someone
Someone you could believe
Yeah, you put your faith
Right in his hands
Oh, when he let go
You couldn't understandWelcome down from your church
And talk to a man
Who knows that he loves you
And wants to understand
He knows why you cry
