

# This Lonely Love (featuring Richard Butler)

[Juliana Hatfield](#)

I broke down on 14th street, I could have been blind  
And you could have been anywhere in the world but I saw you in my mind  
In flashing colors in the middle of the night  
Don't they say that in the darkness everything is black and white This lonely love is all around, it's up in the air  
and underground  
But without the touch of flesh and blood this is a lonely love  
Ooh ooh, ooh ooh, ooh ooh, it's a lonely love I found myself in Brooklyn, it was as real as a dream  
Then I went back up to Boston with absolutely nothing but a feeling This lonely love is all around, it's up in the  
air and underground  
But without the touch of flesh and blood this is a lonely love  
Ooh ooh, ooh ooh, ooh ooh, it's a lonely love How I wish I could escape the human things  
Don't take me for a woman, I am only the song you sing This lonely love is all around, it's up in the air and  
underground  
But without the touch of flesh and blood this is a lonely love  
This lonely love is all around, it's up in the air and underground  
But without the touch of flesh and blood this is a lonely love  
Lonely love, lonely love, lonely love, this lonely love
