## Darren Styles & Re-con

Sing me another love song
And I'll sing you a lullaby
And it won't be long until you see me coming
To be with you
By your sideSo won't you
Sing me another love song
And I'll sing you a lullaby
And it won't be long until you see me coming
To be with you
By your side
I never used to feel so lonely
I never used to feel so blue
And all I ever think about is youI only ever wanted one thing
I only ever needed time
So tell me everything will be alrightSo won't you
Sing me another love song
And I'll sing you a lullaby
And it won't be long until you see me coming
To be with you
By your sideJust speed up, don't slow down
So we can take this moment
So tell me everything will be alrightAnd it won't be long until you see me coming
So won't you
Sing me another love song
And I'll sing you a lullaby
And it won't be long until you see me coming
To be with you
By your sideAnd it won't be long until you see me coming
