

All I Want

Jay Sean

I'm all yours tonight (Jay Sean)
Got a feeling that I can't deny (Mister 305)
Everything about get's me high
Girl I want this for the rest of my life
I'm all yours Success is here, and she don't play
I'm ready for her, though, throw her my way
Heart torn, and I doubt you can save it
It's okay, it's been like that since I was a baby
Thoughts deep, scuba
My mind is free, opposite of Cuba
Take me for my money and my fame?
Papa, don't try, see right through ya
Four lawsuits, one year
Two down, two to go
Fame expensive, yeah
Good thing I know
I was built for the war
I was built to be all yours
Abuelita's a rebel, my mother's a fighter
Tia's a G and my sister's a rider I'm all yours tonight
Got a feeling that I can't deny
Everything about gets me high
Girl I want this for the rest of my life And celebrate tonight
And together we gon' touch the sky
Everything about you gets me high
Girl I want this for the rest of my life
I'm all yours Girl I want this for the rest of my life
I'm all yours Say it ain't so, you're reading every thought in my mind
Lady, lady, so damn beautiful
That I could just stare at you all night (all night yea yeah)
The girls and the champagne, the music, just don't feel to same, no
'Cause lately these bright lights don't shine unless you're here with me, baby I'm all yours tonight
Got a feeling that I can't deny
Everything about gets me high
Girl I want this for the rest of my life Girl I want this for the rest of my life
I'm all yours But I'd do it for you girl, I'd ride for you girl
I'd lie for you girl, I'd cry for you, die for you girl
The truth is it's all for you girl We gon' fly yeah and we gon' soar yeah
Tonight it is ours yeah

And I'm all yours yeah
Yeah I'm all yours yeah
Yeah I'm all yours yeah
Yeah I'm all yours yeah
Yeah I'm all yours I'm all yours tonight
Got a feeling that I can't deny
Everything about you gets me high
Girl I want this for the rest of my life
I'm all yours Girl I want this for the rest of my life
I'm all yours
