up from the Gutter

Cherry Poppin' Daddies

I'm a gutter war piranha And i'm gonna get tight We're so primitive We just got to give civil a fright y'all Subterranean homosapien But i'll eat you alive I'm a skinny little fucker Takin' a bite y'all I'm up from the gutter I'm up from the gutter Get yourself up up up from the gutter I'm criminally insane I wanna upchuck money In the w.a.s.r penitentiary I wanna suck blood from a big ass vein All the 50 stars And the red and white bars On the funhouse floor Ain't fit for a whore y'all I'm up from the gutter I'm up from the gutter Get yourself up up up from the gutter
