Rain Down

Lola's Riot

[Verse 1]
Rain down
The room feels so cold now
We both have been left out
Our time flies away

[Verse 2]
Rain down
Thereâ€™s no one to blame now
I feel no more shame
Weâ€™re falling again

[Chorus]
Let me dream with you tonight
There is no one left to fight
Let me dream with you tonight

[Instrumental]

[Bridge]
I will close my eyes tonight
I will close my eyes tonight, tonight
Tonight, tonight, tonight, tonight, tonight
Tonight, tonight
I will close my eyes tonight

[Chorus]
Let me dream with you tonight
There is no one left to fight
Let me dream with you tonight
