

# Pigpen

## Boston Beatdown

Another revolution on your mind  
Fast, quick get into the cab  
Sell her on the telephone line  
Mud sticks,  
Sitting in the pigpen  
Sitting in the pigpen  
Staring at the ground  
Living in the pigpen  
When you're there we'll start to stuff around  
Cocksuck! better watch your language  
Trying to go get our wagers on the ground  
I'm free, now that I've got freedom  
Sitting in the pigpen  
  
Laughing all around  
Living in the pigpen  
Ohhh you're stuck in the ground  
Stuck in the ground  
Wishing you'd had known about it then  
Drink up thinking of the asshole  
Firestarter flies up ahead  
I know, better than a way down  
Sitting in the pigpen  
Staring at the ground  
Living in the pigpen
