[sean vs. one]na, na, na, na, na, now your wonderins why

i like to wear a wife beater

why i wear a wife beater ?

well uh, i like to beat her when i see her

she just like the way that nigga sean treat her

i don't hit her with no fists

shawty you know how i feed her

she say go deep, i go deeper

i don't creep, i just please her

if you know women like i know women

you better get a pimp

make them razor thin antennas

better know just where to kiss her

she just might say hold up shawty

i mean like ugh, are you for real ?

[hook]girl it's obvious your body

wanna do somethin' to me

and it's this obvious

i'm tryna get you over here to me

[chorus]girl i won't play wit ya head
