Hittin' The Hay

Rednex

You better hold on tight when we go hittin' the hay
You better hold on tight and pray
You better hold on tight 'cause we go hittin' the hay
Or darling better run 'cause I won't hold back my horsesYou better hold on tight when we go hittin' the hay
You better hold on tight and pray
You better hold on tight 'cause we go hittin' the hay
Or darling better run 'cause I won't hold back my horsesRound and round up and down
Slam your partner down 'til he hit the ground
And up you go, now go go go
Spin him round and round til he can't be found
There's time to slay there's games to play
No more to say so everybody hit the hayYou better hold on tight when we go hittin' the hay
You better hold on tight and pray
You better hold on tight 'cause we go hittin' the hay
Or darling better run 'cause I won't hold back my horsesWe got hittin' the hay, we got hittin' the hay
We will rumble and stumble all night and day
We go hittin' the hay, yeah we go hittin' the hay
'Til our backsides bleeding we go hittin' the hayHere we go again come and grab your friend
Shake him up shake him down gotta get a good blend
First you told him tight then you kick him right
Sing hey-di-ley go hit the hayYou better hold on tight when we go hittin' the hay
You better hold on tight and pray
You better hold on tight 'cause we go hittin' the hay
Or darling better run 'cause I won't hold back my horsesWe got hittin' the hay, we got hittin' the hay
We will rumble and stumble all night and day
We go hittin' the hay, we go hittin' the hay
'Til our backsides bleeding we go hittin' the hayYou better hold on tight when we go hittin' the hay
You better hold on tight and pray
You better hold on tight 'cause we go hittin' the hay
Or darling better run 'cause I won't hold back my horsesYou better hold on tight when we go hittin' the hay
You better hold on tight and pray
You better hold on tight 'cause we go hittin' the hay
Or darling better run 'cause I won't hold back my horsesWe got hittin' the hay, we got hittin' the hay
We will rumble and stumble all night and day
We go hittin' the hay, we go hittin' the hay
'Til our backsides bleeding we go hittin' the hayWe got hittin' the hay, we got hittin' the hay
We will rumble and stumble all night and day
We go hittin' the hay, we go hittin' the hay
'Til our backsides bleeding we go hittin' the hay
