Weekend

Brian Dolzani

We spent the weekend together
the weather was beautiful and so were we
We had us a good time pretending
that the sun came out for you and me

There's no use complaining when this life is rearranging but
until it comes together know that I'll be missing you

We are the same but different
we're different baby don't you change
Through all the good and bad times
I love you baby just the same

Every time you think that you are acting like somebody's fool
and no one understands you know I'm understanding you

I have got my ticket in my hand but I won't leave
How about this weekend you and I could make a scene

Look at the rainbow above us
it only comes with the rain
Look at us know we're growing
It only comes with the pain

Every time you think about
just know that you can do without
as long as you believe in
as long as you believe in you
