Five Minutes

The Stranglers

I need a dream where I can live what I said
I need a place where I can put my bed
I need a hole where I'll find darkness now
And if you hassle me mister I might just lose my head

5 minutes and you're almost there
5 minutes and you're almost dead
5 minutes and you're almost there
5 minutes and you're almost dead

They came on a Saturday night
They killed his cat and the raped his wife
And in their eyes there was fear and hate
And when they spoke they spoke with knives

5 minutes and you're almost there
5 minutes and you're almost dead
5 minutes and you're almost there
5 minutes and you're almost dead

Some say that I should hate them all
But I say that wouldn't help at all
I just wanna find those guys that's all
I just wanna find those guys that's all that's all that's all

5 minutes and you're almost there
5 minutes and you're almost dead
5 minutes and you're almost there
5 minutes and you're almost dead

The night time comes and the streets they ring
With the fears of a thousand things
And if you worry 'bout your ports of call
You'll never get nothing done at all

5 minutes and you're almost there
5 minutes and you're almost dead
5 minutes and you're almost there
5 minutes and you're almost dead

Some say that I should hate them all
But I say that wouldn't help at all
I just wanna find those guys that's all
I just wanna find those guys that's all
I just wanna find those guys that's all that's all
