

All In My Head

[Nick Lachey](#)

Satellites blasting through the universe, it's out of sight
It's all in my head
Saw your eyes sending me a message for the last time
Here alone holding on to something that I have never known
It's all in my head
And I've crossed the line, there's no going back and there's no future
Tell me this isn't happening
She said, she said, said she wants to marry me
It's all in my head, that's just not reality
It's over, it's over 'cause she said
It's all in my head
She said she wants to marry me
It's all in my head
Got my own take on reality
Here on earth, she don't even wanna talk, there are no words
It's out of my hands
So why, why?
Tell me this isn't happening
She said, she said, said she wants to marry me
It's all in my head, that's just not reality
It's over, it's over 'cause she said

It's all in my head
She said she wants to marry me
It's all in my head
Got my own take on reality
Someone wake me up when she calls me
It's like I've been asleep since she's gone
Someone let her know I'm not breathing
Tell me this isn't happening, tell me this isn't happening
She said, she said, said she wants to marry me
It's all in my head, that's just not reality
It's over, it's over, she said it's all in my head
She said, she said, said she wants to marry me
It's all in my head, that's just not reality
It's over, it's over 'cause she said it's all in my
All in my head, all in my head
All in my head, all in my head
All in my head, all in my head

All in my head, all in my head
All in my head, all in my head
