A Place Where We Used To Live

Mark Knopfler

This empty kitchen's where
I'd wile away the hours
Just next to my old chair
You'd usually have some flowersThe shelves of books
Even the picture hooks
Everything is gone
But my heart is hanging onIf this old neighborhood
Survived us both alright
Don't know that it withstood
All the things that took our lightYou on the stair
I can see you there
Everything is gone
But my heart is hanging onOnce there was a little girl
Used to wonder what she would be
Went out into the big wide world
Now she's just a memoryThere used to be a little school here
Where I learned to write my name
But time has been a little cruel here
Time has no shameIt's just a place
Where we used to live
It's just a place
Where we used to liveNow in another town
You lead another life
And now upstairs and down
You're someone else's wifeHere in the dust
There's not a trace of us
Everything is gone
But my heart is hanging onIt's just a place
Where we used to live
It's just a place
Where we used to live
