I'm sayin' wat'z your name? My name is Kay
Where you from? I'm from Brooklyn
I'm sayin' so why you wit' that bird over there?
Now I don't wanna sound like a hater
Because he can work the middle
Oh, alrite but I can too, let'z find outMa, I'm curious, yeah
I wonder if I can make you mine
Baby, I'm curious
I wonder if we can spend some timeShorty, I'm curious
Girl, I wanna know wat'z on your mind
Baby, I'm curious
I wonder if I can make you mine, YayoMa, I'm curious to know if I lick that spot
Will it make your body shiver and your pantiez drop?
Yo' baby father is a lame he a dead beat dad
So you and your kidz can come cruise in my JagYou my boo like Usher and Alicia Keys
And every time that you touch me girl you please my needz
We like George and Weezy, Jada and Will
Let'z shop till we drop out in Beverly HillzI'm curious to know if you want me girl
If so ma, let'z fly the country girl
I'm not sellin' you a dream, girl, I'll give you the world
You want them furz and the minkz and them diamond pearlzMa, I'm curious
I wonder if I can make you mine
Baby, I'm curious
I wonder if we can spend some timeShorty, I'm curious
Girl, I wanna know wat'z on your mind
Baby, I'm curious
I wonder if I can make you mineI saw her in the projectz goin' to the store
I never had a crush like this before
Her baby daddy is a killer, he hold weight in Attica
But every time he home, he beatin' her and smackin' herMa you don't need your face black and blue
You need diamondz from Jacob that'z black and blue
Water front property, you see the sun risin'
Back to the subject, let me stop fantasizingListen boo, nobody in the world is perfect
So when you around my team there'z no need to be nervous
I hit it from the back, pull out your trackz
This curiosity, girl, killz the catMa, I'm curious
I wonder if I can make you mine
Baby, I'm curious
I wonder if we can spend some timeShorty, I'm curious

Girl, I wanna know wat'z on your mind
Baby, I'm curious
I wonder if I can make you mineMa, I'm curious
I wonder if I can make you mine
Baby, I'm curious
I wonder if we can spend some timeShorty, I'm curious
Girl, I wanna know wat'z on your mind
Baby, I'm curious
I wonder if I can make you mineWanna make you mine, baby
See I gotta make you mine, baby
Wanna make you mine, baby
